PHILODEMIC DEBATE TOPIC.

Georgetown College Students to Contest for the Hamilton Medal.

The Philodemic Debating Society of Georgetown College is to hold its annual Hamilton extemporaneous debate tonight at 8:15 o'clock in Gaston Hall. The medal, which is awarded the best speaker in this contest, was founded by George E. Hamilton, dean of the law department of the university. The debate is purely extemporaneous. The speakers are not allowed to consult a speech to memory and are given but one week in which to prepare their arguments.

The proposition for discussion is: "That the President of the United States should be Elected by Direct Primaries."

CHARGES TO BE PROBED.

Unneutral Utterances Laid to Olney Arnold, Consul General at Cairo.

Investigation is being made of the conduct of Olney Arnold of Rhode Island, American diplomatic agent and consul general at Cairo, Egypt, on charges by American residents, which include unneutral utterances. N. R. Stewart, one of the State Department's inspectors and a consul general at large, who had been working in Africa, had been sent to Cairo to investigate. In maintaining diplomatic relations with the British authorities in Egypt Mr. Arnold's alleged unneutral utterances are believed to have impaired his efficiency as an officer of the United States. He was appointed to the post without competitive examination required of officers who attend only to consular affairs.
